S4S UK

S4S UK is a charity working towards equal rights and opportunities for children with disabilities in Africa. Children with disabilities in developing countries are often neglected and living isolated from society. They are less likely to access education and basic healthcare. Their disability puts them at a higher risk of abuse and growing up in poverty. We are making a difference in their lives by increasing access to adapted physical activity, healthcare, education and livelihood development! <http://www.s4s-uk.co.uk>
